POLICY

We drive ourself by investing in Quality, Health Safety and Environmental policy.

QHSE POLICY

K2A-MS-POL-003, 2024

1st Jan, 2024

At K2A Management, we are dedicated to delivering top-tier services while upholding the highest standards in quality, environmental sustainability, and health and safety. Aligned with ISO 9001, ISO 14001, and ISO 45001, our commitment extends to continuous improvement, legal compliance, and fostering a culture of innovation. We prioritize the well-being of our stakeholders and the environment, ensuring our operations exemplify excellence and responsibility at every level.

1. Quality Commitment:

- We are dedicated to delivering services that meet or exceed customer expectations.
- Our processes are designed to comply with ISO 9001 standards, ensuring consistency, continuous improvement, and customer satisfaction.
- Every team member is responsible for maintaining a culture of quality throughout our organization.

2. Environmental Stewardship:

- We acknowledge our responsibility to protect the environment and prevent pollution in all our activities.
- Our operations comply with ISO 14001 standards, focusing on sustainable practices, waste reduction, and the efficient use of resources.
- Continuous environmental improvement is embedded in our organizational culture.

3. Health and Safety Prioritization:

- The health and safety of our employees, clients, and other stakeholders are of paramount importance.
- We adhere to ISO 45001 standards, establishing and maintaining a safe and healthy working environment.
- All team members are empowered to identify and address potential health and safety hazards, fostering a proactive approach to risk prevention.

4. Legal and Regulatory Compliance:

- We are committed to complying with all applicable legal and regulatory requirements related to quality, environment, and health and safety.
- Regular reviews and updates ensure that our processes and practices align with evolving standards and legislation.

5. Continuous Improvement:

- We embrace a culture of continual improvement, fostering innovation and efficiency in all aspects of our operations.
- Regular monitoring, evaluation, and feedback mechanisms are in place to identify opportunities for improvement.
- This policy is communicated to all employees, contractors, and stakeholders, emphasizing their roles in maintaining and continually improving our Quality, Environmental, and Health and Safety Management Systems.

Dr. Madhu Aman Sharma
Founder & CEO

At K2A Management, we prioritize the integration of our management systems to ensure seamless operations and optimal performance. Explore our Integrated Management System (IMS) Policy to understand how we align quality, environmental management, health and safety, and continual improvement initiatives to achieve our organizational goals.

Our Sustainable Goals

At K2A Management, we are committed to making a positive impact on society and the environment. Our Sustainable Development Goals (SDGs) 2024 guide our actions and initiatives

3

MANAGEMENT

Leadership Team

RA TEN
Chairman

DR. Madhu Aman
Founder & CEO

Anamika Sharma
Director

Our management team at EIA Consultant Cambodia is comprised of experienced professionals dedicated to excellence and sustainability. Led by industry veterans, we emphasize strategic planning, innovative solutions, and rigorous compliance. Our commitment to continuous improvement and environmental stewardship ensures that we deliver top-tier consulting services. The team's expertise spans across environmental impact assessments, social impact assessments, and environmental management plans, ensuring that we provide holistic and effective solutions to our clients.

Our Strength

Expertise:

Our team of seasoned professionals brings a wealth of experience and expertise to every project. With specialized knowledge in ISO management systems, environmental sustainability, agribusiness, we are equipped to address even the most complex challenges faced by our clients.

Innovative Solutions:

We are dedicated to staying ahead of industry trends and best practices, continuously seeking out innovative solutions to meet the evolving needs of our clients. Whether it's streamlining processes, enhancing sustainability practices, or driving growth in the agribusiness sector, we are committed to delivering results that exceed expectations.

Client-Centric Approach:

At K2A Management, our clients are at the heart of everything we do. We take the time to understand their unique challenges, goals, and aspirations, and tailor our solutions to meet their specific needs. We believe in building long-lasting relationships based on trust, integrity, and mutual respect.

Collaborative Partnerships:

We believe in the power of collaboration and teamwork. By working closely with our clients as trusted partners, we foster open communication, creative problem-solving, and shared success. Together, we embark on a journey towards excellence and growth.

Why to Choose us?

Choosing K2A Management means partnering with a team dedicated to delivering unparalleled expertise, innovative solutions, and unwavering commitment to sustainability.

Business

Divisions

K2A Management

At K2A Management, we are driven by our commitment to providing comprehensive and innovative solutions across a diverse range of industries. Our business divisions are designed to cater to the unique needs of our clients, ensuring excellence and sustainability in every project.

Environmental Consulting

K2A Management is a leader in environmental consulting, specializing in Environmental Impact Assessments (EIA) and strategic environmental planning. With approval from the Ministry of Environment (MOE) and global memberships such as IAIA and IEMA, we provide sustainable solutions that align with both local and international environmental standards.

ISO Management System Consulting

Our ISO Management Systems division helps organizations achieve internationally recognized certifications, including ISO 9001, ISO 14001, and ISO 45001. We assist companies in optimizing their processes, ensuring compliance, and fostering continuous improvement across quality, environmental, and health & safety management systems.

Renewal Energy & Green projects

As champions of sustainability, our Renewable Energy division is focused on promoting and implementing green energy projects. We specialize in renewable energy consulting, including solar, wind, and other clean energy initiatives, contributing to a greener future.

Agribusiness Solutions

K2A Management's Agribusiness division supports the agriculture sector by providing sustainable farming practices, agribusiness consulting, and innovative solutions like organic fertilizers. Our expertise helps improve productivity, reduce chemical dependency, and foster environmentally friendly farming techniques.

Training & Development

The K2A Training Academy is dedicated to empowering professionals with certified ISO Lead Auditor courses, Six Sigma training, and other specialized programs. Our training division provides practical skills and knowledge to help individuals and organizations achieve operational excellence and compliance with global standards.

Pest Control & Termite Solutions

Patrol Car, a division of K2A Management, offers professional pest and termite control solutions. We provide customized pest management services, focusing on the safe and effective control of termites and other pests to protect residential, commercial, and industrial properties. Our eco-friendly approach ensures the safety of both our clients and the environment.

SINCE 2016

info@k2amanagement.com

Our Sustainability Services

At K2A Management, we are dedicated to helping businesses adopt sustainable practices that not only comply with environmental regulations but also create long-term value. Our comprehensive sustainability services include Environmental Impact Assessments (EIA), carbon footprint analysis, energy efficiency consulting, and strategic guidance on achieving sustainability goals aligned with global standards like the UN's Sustainable Development Goals (SDGs). By integrating sustainability into every facet of your operations, we help you minimize environmental impact, optimize resources, and enhance business resilience for a greener future.

ESG

We help organizations implement comprehensive ESG strategies, ensuring they meet global standards for environmental stewardship, social responsibility, and corporate governance, ultimately enhancing transparency and stakeholder trust.

Carbon Foot Print Calculation

Our team provides detailed carbon assessments to measure and manage your organization's greenhouse gas emissions. We guide you in reducing your carbon footprint and achieving carbon neutrality through targeted strategies and offset initiatives..

Marine Ecology Assessment

We specialize in protecting marine ecosystems by conducting thorough assessments that help clients mitigate the environmental impact of their coastal and offshore projects, ensuring compliance with ecological regulations and the preservation of biodiversity.

Energy Conservation & Auditing

We provide energy audits and conservation strategies to help businesses reduce energy consumption, improve efficiency, and lower operational costs. Our services include identifying energy-saving opportunities and implementing renewable energy solutions.

Renewal Energy Solutions

We offer strategic consulting on renewable energy integration, helping businesses transition to cleaner energy sources such as wind, solar, and biomass, contributing to both environmental sustainability and cost savings.

Sustainable Resource Management

Our services focus on optimizing the use of natural resources, ensuring that businesses can reduce waste, increase efficiency, and promote circular economy practices.

EIA Studies

We conduct comprehensive Environmental Impact Assessments to identify, predict, and evaluate the environmental effects of proposed projects. Our EIA studies ensure that projects comply with environmental regulations and promote sustainable development by minimizing adverse impacts on the environment and communities.

Our ISO Management System Services

At K2A Management, we offer expert consulting services for implementing and maintaining ISO management system standards across various domains, including quality, environmental management, occupational health and safety, and food safety. Our team works closely with organizations to develop tailored management systems that drive compliance, enhance efficiency, and ensure continuous improvement. By integrating these internationally recognized standards, we help businesses strengthen their operational frameworks and achieve long-term sustainability and excellence.

Quality Management Systems

Helping organizations ensure product and service quality through structured processes, continuous improvement, and customer satisfaction..

Environmental Management Systems

Supporting businesses in managing their environmental responsibilities, reducing impact, and achieving sustainability goals.

Occupational Health & Safety Management Systems

Assisting companies in creating safe and healthy workplaces by effectively managing occupational health and safety risks.

Food Safety Management Systems

Ensuring food safety throughout the supply chain by implementing rigorous processes that comply with global food safety standards.

Information Security Management Systems

Enabling businesses to manage their IT processes and data security effectively, ensuring compliance, reliability, and efficiency.

Our tailored approach ensures that businesses can meet regulatory requirements, enhance operational performance, and foster a culture of continuous improvement.
